

Tell Governor Patrick to Take a Balanced Approach In Addressing Our Budget Shortfall

Virtual Rally
October 21st – 28th

ONE Massachusetts announces the official launch of its third *Virtual Rally to Support Our State*

Economic troubles nationwide have been adding pressure to our state's structural deficit - reducing state revenues while increasing the need for services by residents hit hard in their own budgets.

We need to explore all options such as judicious use of federal funds, rainy day funds as well as revenue increases and spending cuts. Taking a balanced approach will start us on a path to recovery. Join the Virtual Rally – tell Governor Deval Patrick to take a balanced approach to resolving our budget shortfall.

PARTICIPATE IN THE VIRTUAL RALLY!!

1. **Contact Governor Deval Patrick's Office** - Tell our Governor that you support a balanced approach to our current state fiscal crisis. We need to address our current state fiscal crisis with a combination of federal funds, rainy day funds, minimum cuts and more revenue options.

Office of Governor Deval Patrick:

Massachusetts State House - Room 280 | Phone: 617.725.4005 or 888.870.7770

2. **Customize your message** – tell the governor why supporting and taking a balanced approach to the state fiscal crisis is important to your local community!
3. **Pass this on to your personal and professional networks** – via Facebook, to mailing list, or in person - recruit five friends and neighbors to do the same.
4. **Let us know how it went!** Once you've called each of your legislators, Twitter about it with the tag: #MassRevenues

NEED MORE INFORMATION?

For more information on revenue reform, including analysis of other states' approaches to their fiscal challenges and upcoming events in your area, visit the ONE Massachusetts website, or contact us today!
